Judul: [IJEMST] Editor Decision

Dear Dr. Herry Agus Susanto:

We have reached a decision regarding your submission to International Journal of Education in Mathematics, Science and Technology, "Developing a Handbook on Multimedia Integration in Mathematics Teaching for Primary School Students".

Methods:

Good

Findings:

Average

Proper Use of Language:

Good

Relevance of Title and Content:

Good

Comments For Author(s):

Proofreading whole paper and remove spelling and grammar mistakes is necessary. The discussion section should be expanded with more cited works.

It is also highly recommended to cite most recent references relevant to this study.

Include theory and conceptual framework in the study.

Results must be clearly explained and discussion section needs alignment with the previous research.

Very Good

Comments For Author(s):

The Introduction section should be developed. The questionnaire validity and reliability issues should be reported. Also, the questionnaire can be given as an appendix. Discussion is so weak. This section needs a very intensive development. More citations are needed for the Discussion part. More comments should be given between the tables. The template should be followed carefully.
